

EAZA Annual Conference

Verona 2010

22-25 September

Exhibition Opportunities

The EAZA Annual Conference brings together **more than 600 delegates** from the European zoo and aquarium community for four days of meetings, presentations, workshops and social events. This year's conference takes place in the **Italian city of Verona**, hosted by Parco Natura Viva. Delegates will arrive for an icebreaker on Tuesday 21st September, with the conference itself running from Wednesday to Saturday. The conference venue is the VeronaFiere.

For EAZA's Corporate Members and for other companies supplying goods and services to the zoo community this event offers unparalleled face-to-face access to your target audience. **The exhibition area will be located in a busy area where coffee and tea is served throughout the conference.**

A total of **nineteen exhibition spaces** will be available in **two different sizes**: six of the spaces are 12m² (4x3m), with the remainder at 6m² (3x2m). The spaces will be clearly marked out on the floor with tape and **all exhibitors will be required to ensure that their material remains within the allocated space.**

EAZA Corporate Members are entitled to attend the Annual Conference without exhibiting. In this case, however, they are not permitted to display or distribute any company literature or demonstrate company products. This policy will be strictly enforced.

Exhibition Package

- Empty exhibition space
- 1 electrical socket and 1kW power
- Availability of on-site porter to assist with movement of goods
- Company name and logo listed on conference website and in printed programme
- Option to include a flyer or brochure in the delegate pack
- One full conference registration (other company representatives can register and pay the normal rates)

Size: 12m ²	Cost: € 3,900.00	EAZA Corporate Member*:	€2,925.00
Size: 6m ²	Cost: € 3,400.00	EAZA Corporate Member*:	€2,550.00

*Note: the 25% discount will only be available to companies that are EAZA Corporate Members at the time of the conference. Corporate Membership fees for the year 2010/2011 will be due on July 1st 2010.

Applications should be submitted to the EAZA Executive Office – please use the order form supplied. Once your application has been accepted you will be invoiced for the full amount due.

Additional Options and Costs

No furniture is supplied in the standard exhibition package. All furniture and other equipment must be hired from VeronaFiere – the catalogue is supplied separately.

Once your application to exhibit has been accepted by the EAZA Executive Office, the local conference organiser, Cogest M&C, will accept orders for furniture and shell scheme booths. Exhibitors will be invoiced separately by Cogest M&C for such items.

Shell scheme booth: wooden partition walls 1x2.5m covered with PVC film (colour: grey), a front panel 50x90cm, with adhesive company nameboard positioned on aluminium structure; standard electric plant; spot lights 100w; 1 control board and daily cleaning service.

Size: 12m² (4x3) Cost: € 720.00 (incl. VAT)

Size: 6m² (3x2) Cost: € 360.00 (incl. VAT)

Insurance and Declaration of Conformity to Norms

- EAZA, Parco Natura Viva, Fiera di Verona, and COGEST M. & C. disclaim all responsibility for theft, missing objects, or damage caused to exhibits during the event; we recommend exhibitors to take out an all risk insurance policy for the materials in the stand.
- Exhibitors must send a copy of RC insurance (third party liability) if using a shell scheme furnished by VeronaFiere, a stand furnished by an external Booth Display Builder or a free form self-supporting stand.
- If the exhibitor intends to exhibit material other than print catalogues, they are required to send a copy of an ALL RISK policy to the organisers.
- Insurance policies are also available from VeronaFiere. The price is: €96.00 (VAT included) for RC and ALL RISK; or €60.00 (VAT included) for only RC.
- Any exhibitor bringing their own stand will be required to fill in some forms once their participation has been confirmed (declaration of conformity to norms and declaration of correct fitting of reaction to fire classified materials, etc..)
