

RUSSIAN AMUR TIGER & LEOPARD DAY

26 September 2004

Following the great success of the Russian Amur Tiger and Leopard Day last year we are organising another special day for 2004. There will be events in zoos and cities across Europe and Russia.

Please help by organising events on the theme '*Russian Amur tigers and leopards*' on 26th September.

The aim of the day is to raise awareness and money for field conservation. AMUR is part of the Amur Leopard and Tiger Alliance and works together with our conservation partners such as Tigris, ZSL, Phoenix and WCS in Russia to protect these highly endangered big cats. Please help us to raise urgently needed money for tiger and leopard conservation in the Russian Far East.

To register your zoo please send an email to info@amur.org.uk . You will receive free balloons and greetings cards to use at your event.
