

<b>Course Title:</b>	ZIMS for Studbooks online course
<b>Developed by:</b>	Development for this course was led by the EAZA Population Management Centre and Becca Biddle
<b>Aimed at:</b>	ESB, ISB, EEP coordinators
<b>Language taught in:</b>	English
<b>Estimated time to complete:</b>	approximately 10-12 hours
<b>Cost:</b>	FREE
<b>Delivery Method:</b>	Self-paced online modules

### **Course Description :**

This course enables those coordinating the EEPs (EAZA Ex situ Programmes) and keepers of ISBs (International Studbooks) and ESBs (European Studbooks) to gain the skills required to manage their studbooks within the ZIMS for Studbooks module.

By the end of the course you will be able to:

- Get started with a newly migrated or created studbook
- Use the ZIMS for Studbooks dashboard to manage updates
- Manage records with incomplete data
- Resolve data quality errors in your studbook
- Use the different tools and reports functions
- Export your studbook data for PMx

### **Assessment:**

To receive a certificate of completion, participants need to complete the ZIMS for Studbooks assignments included in the course.

### **Additional information:**

Registered participants will receive login details to access the ZIMS for Studbooks training environment.

Completing the course is a pre-requisite for anyone planning to take the Introduction to EEP Management course.

### **Registration:**

You can register for the course by contacting [iva.martincova@eaza.net](mailto:iva.martincova@eaza.net). Registration is currently open only to those working at EAZA Member institution and selected others with ex situ population management roles. The course materials are available for anyone to view [here](#).
