Travel to and within Stockholm

All four of Stockholm's airports are connected to downtown by airport coaches as well as municipal alternatives.

Stockholm Arlanda Airport (largest airport)

Stockholm-Arlanda Airport is located 40 kilometres (25 miles) north of Stockholm City.

Commuter trains operated by the public transport company in Stockholm, SL is the cheapest and **suggested alternative cause you can buy a ticket for your whole stay (see below)**. The trains depart twice an hour from Arlanda Central Station in Sky City. Total travel time between the airport and Stockholm City Station is 43 minutes. Between terminals 4 and 5 there is an area called Sky City. All information signs from terminals with commuter train symbol will get you to Sky City.

You buy the ticket to the commuter train at the information desk (swedavia) or Pressbyrån. You can buy single tickets or a travelcard for a whole time in Stockholm, including the ferry transports for the hostel. With a travelcard (recommended), you can travel as much as you like with SL for the whole stay. Travelcards are besides busses, commuter trains and subway, valid on the tram (Tram 7) going to Skansen and the island of Djurgården and also the ferries between Slussen and Djurgården.

7-day travelcard: SEK 325 + SEK 20. Valid from 00:00 on the first day of travel until 4:30 am on the day after the travelcard expires. An extra fee of 120 SEK is taken to travel from Arlanda to Stockholm city. Don't forget to say that you want everything loaded on the card. In total it will be 465 SEK.

Taxi services is quite expensive since Taxi fares in Sweden aren't regulated, which means that prices can vary significantly between companies. With this in mind, we recommend that you use the services of well-known firms like [Taxi Stockholm](#), [Taxi 020](#) and [Taxi Kurir](#). You find them easily accessible outside all terminals. Single way from Arlanda to Stockholm is about 600 SEK.

The Arlanda express is the quick, but still expensive alternative and train takes you from Arlanda Airport to the city center (Train station). The platform is easily accessible, underneath the arrival terminals. Departure: every 15 minutes (for most of the day). Travel time: 20 minutes. [Tickets can be bought on this link](#).

Bromma Stockholm Airport, Skavsta Airport, and Västerås Airport

Flygbussarna Airport Coaches operates all airports, with departures timed with arrivals and departures at the airports. Travel time: 20 minutes (Bromma), 80 minutes (Skavsta) and 80 minutes (Västerås).

Credit cards are accepted everywhere

Arriving by train:

Stockholm central station is centrally located in the Norrmalm district and has direct links to local public transport via metro and bus. Serves destinations across Sweden, as well as international services to Denmark, Norway, and Germany.

Arriving by bus:

Long distance buses and airport buses terminate at Cityterminalen, a centrally located bus station adjacent to Central Station and with good public transport links.

Travelling within Stockholm

- The zoo is accessible by bus, tram, or ferry, and is within walking distance of central Stockholm. Detailed instructions are available here: <http://www.skansen.se/en/artikel/how-get-here>
- A range of ticket options are available for using public transport in Stockholm, including single use tickets and multi-day options. More information is available here: <http://sl.se/en/>

Travelling by car

Parking is very limited on Djurgården island, so driving to the zoo is not recommended.

Taxis

Taxi fares are not regulated in Sweden, so there can be a lot of variation in prices between different companies. Guideline prices are displayed in the car windows, check before you travel.
