

## **Animal Team Leader – Carnivores**

### **Join our vibrant organisation**

**As an action oriented conservation charity, Marwell Wildlife's desire is to connect people with nature. Through enthusing people about the wonders of the natural world we're certain they'll share our passion to conserve it. Our success relies on two key things. The impression we create through our 140 acre zoological park, Marwell Zoo, with its wide array of exotic and endangered species and the family of talented people we employ who share our passion and bring our vision to life.**

A full time opportunity has arisen to join our Animal Management Team as an Animal Team Leader of our Carnivores section.

We have exciting plans for our collection and exhibits, offering great opportunities for creative project and team work. This role is responsible for coordinating & supervising daily operations of the team, ensuring that all aspects of animal care are carried out to a high standard. This will include husbandry routines, animal nutrition, training, enrichment and assisting with veterinary intervention as required.

The successful candidate will have extensive, specialist taxonomic knowledge and wide-ranging experience of the management of Carnivore species with a minimum Level 3 (ANC / DMZAA) or equivalent qualification in animal management or biological sciences.

Placed in the top 15 of the Sunday Times Top 100 Best Not-For-Profit organisations, we know that our future plans will only be delivered through a great team of highly motivated people. We'll provide a generous package and the opportunity to further develop your professional skills and abilities, to have a big say in future plans and of course, a fantastic working environment!

Accommodation may be available on a short term basis to the successful candidate. Please note this would incur a rental cost. Due to the need to drive park vehicles, candidates must also hold a full driving license valid for the UK.

If you would like to join our unique and vibrant organisation and become part of our Marwell Family, please visit our website, [marwell.org.uk](http://marwell.org.uk) for a full candidate brief and our application form. This application form must be completed for you to be considered for this role.

Closing Date: 29<sup>th</sup> May 2019

**Successful applicants for vacancies with Marwell Wildlife may be required to have a DBS check as a condition of employment.**

**Marwell Wildlife is an equal opportunities employer.**
